

COSMIC BATH BOMB RECIPE

This recipe makes roughly four bath bombs, depending on the size of your molds.

Cosmic Bath Bomb Recipe

- 1 cup baking soda
- ½ cup citric acid
- ½ cup Epsom salt
- ½ cup cornstarch
- 2½ tbsp. almond oil
- ¾ tbsp. water
- 2 tsp. essential oils

Preparation:

1. Mix the dry ingredients together.
2. Using a different bowl, mix the wet ingredients together.
3. Very slowly, add the wet ingredients to the dry, mixing with a fork or your hands. If the ingredients start to fizz, you're mixing too much too quickly.
4. Mix the ingredients until they reach the consistency of wet sand.
5. Add some food coloring to the mixture to get the color you desire. If you'd like to make it multiple colors, first separate the mixture into different bowls, one for each color.
6. Fill your bath bomb mold with your mixture. Keep the mold together for a few minutes before removing the bath bomb.
7. Allow the bath bomb to air-dry for at least 24–72 hours before using it.
